Greatest of Care

Should be Exercised With The Eyes.

Many cases have come to my notice where people have been duped by men here today and somewhere else tomorrow, which fact leads me to advise all persons needing attention given to their eyes to submit their cases to the resident Eye Specialist, who is known to all and who is here all the time to look after all his cases.

Very Respectfully,

J. T. Johnson.

STATE VS. W. M. KING.

Case Called in Federal Court This Morning—The Counsel.

The case of State vs. William M. King was taken up in court this morning. King is charged with murdering William P. Saunders on December 24th last. The killing occurred near Reidsville, Rockingham county, and the circumstances of the case are no doubt fresh in the memory of our readers. King was at the time in the United States Revenue Service and the United States is defending him. Some of the best legal talent in the state is employed on the case and it will be hard fought. Solicitor M. L. Mott, of Wilkesboro; R. B. Glenn, of Winston, and Reuben D. Reid, of Wentworth, are conducting the prosecution, and District Attorney Holton, Assistant District Attorney Spencer Blackburn, C. B. Watson, of Winston; Thomas Settle, of this city, and John D Pannill, of Reidsville, represent the defendant.

The jury was impanelled in little more than an hour this morning and the examination of witnesses was begun at 11:45 o'clock. There are a large number of witnesses in the case and it is hardly probable that the taking of evidence will be finished today.

Witnesses in other cases were excused from attending court today.

The court room has been packed all day, however, the case against King attracting a large crowd.

AT THE ACADEMY.

Last Night "A Breezy Time" Was Presented.

"A Breezy Time," by the Fitz-Webster Company, was presented at the academy of music last night to a full house. The play, which was devoid of plot—being a screaming farce throughout was fairly well acted, and notwithstanding it bore a degree of sameness by reason of its acute resemblance to a show here not long since, the audience was kept pretty genuinely tickled to the end.

The tennis-raquet melodoy was something unusual and was greatly enjoyed by everybody.

New Brokerage Business.

Greensboro's advantages as a railroad center and her bright future has won for her another valuable citizen and business man. This time Lynchburg, Va., is the loser. Mr. Lyman, of that city arrived here yesterday and as soon as he can secure a suitable office and make other arrangements will open a wholesale merchandise brokerage office in this city. The Telegram together with the ever-progressive and hospitable citizens extends to him a welcome hand and wishes him much success.

You can find a very full line of infants and children's sandals, slippers and Oxfords in black and various shades of tan and russet at Thacker & Brockmann's.

Sail For Italy Saturday.

Bishop and Mrs. Edward Rondthaler and Rev. Edward Crosland, of Salem, passed through the city yesterday enroute to New York from whence, on Saturday, with Rev. and Mrs. J. H. Clewell, and Misses Agnes Siewers and Alice Randthaler, they will sail for Italy to attend an international meeting of Moravians. During Principal Clewell's absence, Mr. C. B. Pfohl, who has assisted the principal in his work for several years, will have charge of Salem Female Academy.

VOLUNTEERS FROM CUBA.

All Who Are To Be Mustered Out Will Reach U. S. This Month.

TWENTY-FIVE THOUSAND COMING

Marines Leaving League Island Enroute To The Philippines.

Joined By Others.

By Wire to THE TELEGRAM.

Washington, April 6—All the troops which are to return to the United States from Cuba to be mustered out, are expected here before the beginning of May. About thirteen thousand returned in March. It is expected that about twenty-five thousand more will arrive during the present month.

MARINES ENROUTE TO MANILA.

Philadelphia, April 6—Fifty marines will leave League Island navy yard tomorrow enroute to Manila. They will be joined by two hundred more at New York. This is the first installment of the one thousand to be sent.

Fire At Knoxville.

By Wire to THE TELEGRAM.

Knoxville, Tenn., April 6—Fire started in the wholesale district here this morning and was controlled with great difficulty, the following firms being burned out before the flames could be checked: McClung & Co., grain dealers; Hansley & Oats, liquor dealers; Davis Furniture Company, and J. D. Ease, tobacco manufacturer. Loss, $60,000; insurance $25,000.

PLENTY OF ELECTRIC LIGHTS.

Four Arc Lights Will Shed Their Brillance Around the Depot.

The Southern officials have said "Let There Be Light" and there is certainly going to be light in and around the new depot when it is occupied. The electrical work about the building has been almost finished and when the time comes to occupy the structure, at the first fall of darkness the dynamo will be ready to start and shed light, not only in and around the station but in the freight depot across the street.

Arc lights have been placed in the baggage and reception rooms and besides these a number of the small incandescent lights are also in these rooms, while all the other rooms in the building will be lighted exclusively by the incandescents.

Four arc lights were yesterday placed around the depot: one at the southeast corner, one at the southwest corner, and one midway between the two, while the fourth is midway on the north side of the station. The dynamo in the basement is sufficiently large to light all the Southern's buildings here.

THE JUNIOR BASEBALL TEAM

Has Been Organized and the Boys Say It Is a Winner.

Greensboro's "senior" baseball enthusiasts have not yet shown a cranky interest in a local team for this year and very little is being done toward the organization of a '99 team. But the boys who have hitherto had to wear the somewhat obscure name of "juniors" or "second team" are not so slow and the ball is already being tossed. A team has been organized for some time and one practice has already been indulged in. The team is said to have some "picked" talent and bids fair to be the strongest second team Greensboro has ever had. In fact the boys say that when they have practiced well they will be ready to tackle and very nearly goose-egg any second team in the state.

Station Stickings.

The old transer shed of the Southern here is being torn down, the transfer business having been moved to Spencer. With this gone the crossing on Ashe street will not seem so close and its absence will also give a splendid view of the west end of the new depot. Ashe street could now be greatly improved upon by cutting down the hill and running the street under the railroad, or by filling in on the south side of the track, and doing away with the now difficult-to-climb hill there.

The new tank on Fayetteville street is almost, if not quite completed.

Successor to Be Elected.

Mr. J. A. Odell went to Durham this morning to attend a called meeting of the Durham Cotton Mills Co., to elect a successor to the lamented secretary and treasurer, Mr. W. H. Branson. Mr. Odell was joined here by Messrs J. M. and W. R. Odell, of Concord, who also went to Durham.

Thacker & Brockmann have just received something entirely new in large art squares and a shipment of new mattings in medium and fine grades.

Rip Van Winkle.

That eminent actor Mr. Sam'l W. Glenn, who is the original creator of dutch parts in this country and who has the reputation of being one of America's foremost comedians, will appear in our city soon in a wonderful scenic production of Washington Irving's quaint legend, Rip Van Winkle or the Sleep of Twenty Years.

Mr. Glenn is the oldest Rip living, having played the part several years before Jos. Jefferson and later on managed Jefferson when he first played the part.

Mr. Glenn is an actor of the old school and in the part of Rip is quoted by all the leading dramatic critics as being something wonderful. Messrs. Dobson & Ring, managers of Mr. Glenn, have spared no expense to make this the grandest production of Rip that has ever been produced. At the Opera House, April 12.

DREYFUS MATTER REVIVED.

Evidence Published of The Examining of The Magistrates.

HENRY COLLAPSED IN THE CHAIR

Then Threw His Arms Around The Magistrate's Neck And Kissed His Forehead And Cheek.

By Cable to the TELEGRAM.

Paris, April 6—The Figaro publishes the evidence today of the examining of the magistrates by Bartulus in the Dreyfus case. It says that when Col. Henry found himself cornered he confessed that Du Clam and Ezterhazy were the authors of spurious telegrams aiming to criminate Picquart. Whereupon Bartulus said, "Henry Ezterhazy and Du Clam are guilty. Let the latter blow out his brains this evening and justice will take its course against Ezterhazy the forger, who is now making charges which, if they reach the ears of your enemies, may lead them to accuse you of supplying Ezterhazy with the documents." Henry collapsed in the chair, speechless, then threw his arms around the magistrate and kissed him upon the for head and cheek, crying imploringly, "Save us, save us; Esterhazy is a scoundrel."

Chinese Villages to Be Fired.

By Cable to THE TELEGRAM.

Pekin, April 6—The Governor of Kian Chan has given orders to burn two Chinese villages in the neighborhood of Chan, a short distance from Kian Chan, where the German patrol fired upon orders. Here the action is considered to have been unnecessary and unlikely to meet the approval of the officials of the German legation, to whom the Chinese foreign office yesterday sent a mild remonstrance.

Germany Would Not Compensate.

By Cable to THE TELEGRAM.

Berlin, April 6—The Cologne Velkszeituing expresses doubt that any demands for compensation for death to either American or British subjects has been addressed to the German government. Should such demands be made, it is added that Germany would emphatically decline to entertain the same.

Spanish Gunboats.

By Wire to THE TELEGRAM

New Brunswick, N. J., April 6—The former Spanish gunboats Alvaraldo and San Doral passed here this morning. Upon arriving at New York they will report at the navy yard.

Anti-Semitic Riot.

By Cable to the Telegram

Neustadt, Bohemia, April 6—An anti-Semitic riot raged here today until 3 o'clock this afternoon. Six Jewish shops were demolished.

WILL NEVER BE FLOATED.

Result of Examination of The Sunken Spanish Cruiser at Santiago.

Washington, April 5—The decision of the navy department that it would be impracticable to float the Spanish armored cruisers Cristobal Colon, Vizcaya and Almirante Oquendo has been vindicated by an investigation made by the Neptune Wrecking Company of Sweden, with the view of determining whether it would be profitable to undertake to raise the vessels. The company sent engineers and divers to examine the wrecks and the result of their investigation has been unfavorable. The Oquendo was found beyond saving, while the Vizcaya can be floated, but would be of practically no use. As for the Colon, the company will agree to attempt to save her only on condition that the United States guarantee expenses if the attempt fails. The navy department will not accept the proposition.

The Eagle Foundry Company.

The annual meeting of the stock holders of the Eagle Foundry Company was held at the office of the company last night. After the transaction of routine business the following directors were elected: J. R. Wall, W. J. Teague, C. W. Petty and M. C. Stewart.

The Eagle Foundry was burned down about two years ago, rebuilt and began business a second time less than a year ago and is now again on a substantial footing, marching on to a marked success. Health and prosperity to it, that it may prove a valuable addition to Greensboro's collection of manufacturing industries.

An All Star Aggregation.

One of the neatest lines of Oxford ties ever shown in Greensboro is now offered at Shrier's. Ordinarily it is difficult to procure a comfortable shoe under $1.50 or $2.00 as they are usually stiff and unyielding to the foot. Such is not the case with our $1.25 vici kid Oxford ties in black and colors made over the popular coin toe. These shoes are soft and flexible and guaranteed to give entire satisfaction. Shrier's, 216 South Elm st.

THE RALEIGH IN GREAT DEMAND.

The Navy Department Pressed With Applications.

Washington, April 5—The naval board of construction held a session today, at which the question of where repairs to the cruiser Raleigh should be made, was again under discussion. No decision was reached, but the probabilities are that the vessel will be ordered to Portsmouth, N. H., after she visits New York and, perhaps, other ports, and the overhauling will take place there.

A great deal of pressure is being brought to bear on the department to order the Raleigh to several places on the Atlantic, at each of which the people want to give her a reception. Norfolk is arranging a big celebration, and also wants the repairs made there. A delegation of Philadelphians called at the department today to argue that she be sent to Philadelphia for the Grant statue exercises this month. The governor and many citizens of North Carolina think the ship should be ordered to Wilmington in order that the people of Raleigh may have a chance to see the vessel named in honor of their city. All these requests are under consideration, but will not be decided until the Raleigh reaches Tompkinsville and her condition is ascertained.

A Pointed Reply.

A young woman was recently asked by a young man to become his wife. He was a bright fellow and was accepted in general society because of the wealth and official position of his father, but his personal habits were known as bad. There were no evasions in her answer.

"You tell me," she said, "that I possess qualities that you must have in the woman who is your wife. I cannot say that I have them—but I can speak of habits that I do not have, and that I could not accept in a husband who did have them. I do not smoke. I never swear. I do not indulge in wine. I am not in debt. Not a moment of my nights is spent with questionable associates, and my days are not given to idleness or to walking the streets with silly, unthinking girls. Most women avoid the indulgences I have mentioned, and do not welcome them in men who ask to become their husbands. As you have them or most of them, I am not willing to become your wife. I am sure nothing but wretchedness could follow from such a union."

The answer was sharp and decisive. It is a pity all girls under the same circumstances are not as frank and sensible.—Youth's Companion.

GROSS INJUSTICE.

The following is an extract from an editorial appearing in the Indianapolis (Ind.) News in reference to the verdict of the Arkansas jury that a certain negro who had been recently lynched in that state by a mob, was "frozen to death:"

"We have had shameful lynchings in Indiana, and they have done incalculable harm to the good name and dignity of our state. Other northern states have at various times been similarly disgraced; but in every case the decent people and the decent press have cried out against the disgrace, and have called on the authorities to bring the leaders of the mob to justice.

"In the south, today, we find another spirit. The newspapers that really condemn the slaughter of negroes are few. Scarcely a journal of repute has the courage to condemn, without reserve, the perpetrators of these outrages. Nearly all of the papers try to find some excuse for the lynchings. It seems strange that the decent people of the south are unable to see that lynching is a monster wrong that can no more be controlled, once it is under way, than can a prairie fire."

We do not recall having read a single newspaper that did not severely censure the Arkansas jury, but all alike spoke out boldly in condemnation of its unpardonable wantonness and levity in making sport of the dignity of the law.

The News has either failed to read the representative southern newspapers on the incident, or else is guilty of a wilful perversion of the facts.

Gen. Eagan says that he dosen't know Mark Hanna, and never spoke to him. It is now in order for somebody to explain what kind of a liar Eagan is.

TYPHOID AND PHILADELPHIA.

The battle between the physicians of the city of Philadelphia and typhoid fever continues without abatement, and the germ seems to be holding its own. The Record says:

"The number of new cases from Thursday noon, March 30, to Saturday noon, April 1, was 113. During the same time there were 14 deaths. There were 13 votes in Select Council against the appropriation for better water, and one dodger. The report of the health board shows that in two days there was an answering death for every vote, and one for the dodger."

This is at the rate of 2,555 deaths per annum—a good-sized army—and the present havoc is insignificant compared with that which the disease will wreak in the hot months, when it must spread alarmingly and the death rate increase to a fearful extent. Typhoid in Philadelphia has been raging for a long time, and the authorities witness the depopulation of the city without taking steps to prevent it.

The beef investigation continues to go on. Everybody is heartily tired of the whole business, yet scandals continue to arise with monotonous regularity, and the thing should be allowed to proceed until all the hideous corruption and criminal negligence on the part of the government officials and beef manufacturers has been thoroughly unearthed and the whole set of unconscionable rascals punished to the full extent of the law. The latest finding is that part of the beef served to the soldiers had been soaked in salicylic and boric acids.

Though the backbone of organized resistance is nearly broken in the Philippines and Aguinaldo will probably make his last effort to check the onward sweep of Americans at Calumpit—where it is reported he is concentrating his forces—the end of the trouble is afar, if we may judge from the past record of the jungle warriors. The American-Seminole war lasted seven years, we believe, and their resistance cannot successfully be compared with the prolonged effort these more intelligent liberty-loving people will make to preserve their country, its traditions and remembrances, from the foreign invaders.

A boom for a town is not healthy. It's like a man getting on a big drunk. Tanking himself up with fiery liquid he imagines for a time that he owns the earth, but when the stimulants begin to die out he's in a sorry plight. Greensboro gets on no booms nor "bums." Consequently she suffers from no reactions. She is blessed with a sound and happy constitution and a steady, safe and substantial growth—which would cause some cities we know of to go wild—and which bids fair to place her early in the front ranks of Dixie's progressive cities.

Commenting on the fact that the Pittsburg, Pa., Presbytery has elected a negro moderator to preside over its church courts, the Charlotte Observer very truly observes:

"This action is another stone laid in the already nearly impassible barrier to organic union (in the north) with the Southern Presbyterian church"

The Filipino leaders, after the manner of the Spaniards, are sending out lying reports to their obscurer citizens that the Americans are being worsted in the fighting, seeking to bolster up the courage of the natives.

As the formation of trusts seems to be a large and increasing business these days, why don't somebody make a "corner" on them.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter nauseating tonics. Price, 50c.

Leland Died in Grief.

New York, April 4--Warren F. Leland, proprietor of the Windsor Hotel, died this evening. He was taken sick a week ago with nervous dyspepsia brought on by grief and worry over the hotel fire in which his wife, daughter and two cousins lost their lives. Later he was operated on for appendicitis, but the actual cause of death was the spread of peritonitis. Leland was one of the most prominent hotel men in the country.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

My wife has used Chamberlain's Pain Balm for rheumatism with great relief, and I can recommend it as a splendid liniment for rheumatism and other household use for which we have found it valuable.—W. J. Cuyler, Red Creek, N. Y.

If love would only make men's cash go round they wouldn't worry about the revolutions of the world.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by C. E. Holton.

Look out for dishonest people who try to imitate and counterfeit it. It's their endorsement of a good article. Worthless goods are not imitated. Get DeWitt's Witch Hazel Salve. Howard Gardner.

When a man gets too old to set a bad example he begins to give good advice.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children. —W. A. Lacy Register, of the Atlantic and Yadkin, left at noon today for his home in Jonesboro to spend several days.

Mr. J. N. Longest went down to Liberty today, where he has contracted to erect a handsome residence for Mr. C. P. Smith.

E. W. Rayle, formerly of the Telegram, but now a lynotyper on the Richmond Times, is spending a few days at his home, on Asheboro street.

The little child of Mr. Barney Troxler died this morning about 8 o'clock. On this account the store of Troxler Bros. on Ashe street, will be closed tomorrow.

Mrs. S. M. Barnes and little son, who have been visiting the family of Dr. E. L. Stamey, on South Elm street for several days, returned to their home in Jonesboro today.

Mr. and Mrs. J. B. McCreary, who were married in Winston yesterday, spent last night at the Benbow and left this morning on a bridal trip south. The bride was Miss Ella Ogburn, of Winston.

Dr. Ledbetter went to Raleigh this morning to consult with Dr. R. H. Lewis, secretary of the state board of health, with reference to raising the quarantine and also about vaccination and its effect upon the schools.

Prof. M. W. Ball, of La Grange, a former Greensboro boy, who has been visiting friends in the city a few days, left for his home this morning in answer to a message that his wife is quite sick. We hope that he will find her much improved.

Rev. Thos. Hodgin, evangelist, has arrived and with his family will make Greensboro his future home. He is a member of Friends church, is an old Greensboro boy, a native of Guilford and has spent several years in evangelistic work in the western states. We welcome him and his family to the City of Flowers.

Quickey, a fine horse formerly owned by C. P. Vanstory, died at Dr. Tomlinson's in Archdale a few days ago, aged 24 years. Many readers of the Telegram will remember this faithful animal as his good qualities made him a general favorite. In his wide range of experience, Mr. Vanstory says he was the best horse he ever owned.

A Telegram reporter, this morning, went into the mammoth furniture store of N. J. McDuffie and was shown some of the finest furniture ever seen in Greensboro. McDuffie's stock is always complete but was yesterday replenished by the arrival of a large shipment of fine brass and folding beds. They are costly but Mr. McDuffie says his stock must be as handsome and complete as any in the state.

As the warm weather approaches and the "Gentle Annie" zephyrs whisper through the ringlets of your wavy auburn hair, it is then when the hour of slumber draws near. You should disrobe of all garments worn during the day and clothe yourself in one of the Garland night robes advertised by Rankin, Chisholm, Stroud & Rees. Read their ad, and buy not fewer than a pair. The prices are in reach of all.

The First Snake.

The first snake of the season was captured and killed in South Greensboro yesterday. He had crawled from under a stump in a garden and when found was too cold to crawl. He was a very small black gentleman who probably had not caught on to this April fool weather and crawled out while snow still lingered on shady roofs.

Shrier's First Offerings.

We take pleasure this season in presenting for your consideration what we consider the finest assortment of Form-Fitting Shoes for men and ladies, misses and children, ever shown in Greensboro.

Our lines for Spring are now complete and only await the prestige of your approval.

Every new idea in quality and finish, ease and comfort, grace of style and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to conduct our business, we are enabled to sell our goods 25 per cent cheaper than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is a very important one. We feel if you call on us, we can answer the question to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large cities are greater. True, the quantity is greater, but the assortment is no better, and the price is correspondingly higher, owing to the increased expense.

Kindly call on us at your earliest convenience and allow us to prove to you that these statements are true.
